EXPERIENCE

Ernst & Young (2018 - Present)

Associate Software Engineer

- Worked on developing customer and associate digital insurance platforms for an insurance industry leader, which aims to provide a convenient and easy-to-use web app for millennials to secure insurance coverage in a matter of a few seconds.
 - Leveraged industry best practices to deliver responsive applications using React.js.
 - Worked with modular pluggable components to deliver cross-application functionality.
 - Exposure to writing basic test cases using Jest.
 - Entry-level experience with i18n.
- Worked on designing & developing a Resource Management Tool from scratch using Angular 7 to track the existing engagements as well as upcoming engagements in the pipeline and align resources to these engagements.
 - Worked on coming up with better UX designs for the application.
 - Used D3 charts to provide insights for resource needs.
 - Used Ag-Grid to manage the data tabulation and analysis in an efficient way.

EDUCATION

Bachelor of Engineering in Computer Science (2018)

Alva's Institute of Engineering and Technology

Graduated with First Class Distinction in the year 2018 from A.I.E.T which is in Moodbidri, Mangalore.

MY SKILLS

ReactJs

Angular 7+

NodeJs

Flutter

Adobe Xd

HOBBIES

Dancing

Music
